## PHILIPS DICTATION AND TRANSCRIPTION ...

### SIMPLY THE COMPLETE SOLUTION.

A Philips dictation solution is simply the quickest, easiest and most efficient way to produce all of your reports and letters. In meetings, on site, or on the move.

And, when you're back at your desk, Philips offers a wide range of transcription solutions to help your administrator transfer your voice data onto paper, disk or screen.

**FAST:** You can talk seven times faster than you can write so you can record your thoughts on cassette far more efficiently than on paper. Dictate just 10 letters and you'll save a whole hour in time.

**SIMPLE:** Ease of use and simplicity are a top priority. With this specifically in mind, all of our dictation machines are designed for single-handed operation and voice-activation. For transcription, a foot control provides the user with hands-free operation.

**EFFICIENT:** Mini Cassettes are the only media designed specially for the constant stop/start demands of dictation – giving you greater lifelong reliability, security and control in a miniature format. Recording begins instantly with your touch or the sound of your voice so there is no word clipping. Mini Cassettes have no 'pinch wheel' (unlike other cassettes) there is no risk of tape tangle or distortion.

**RELIABLE:** All Philips dictation equipment is manufactured according to ISO 9001 quality standards. Service support is available worldwide. In addition, the environmentally friendly credentials of Philips dictation equipment have been recognised by the ISO 14001 environmental award.

## Pocket Memo 588

ADVANCED RECOGNITION OF  
WHAT MATTERS TO YOU

As well as all the professional features of a Philips Pocket Memo, the 588 has the additional benefit of enabling you to denote the priority of your messages, allowing your administrator to deal with them in order of preference.

#### Key Benefits

- LCD Tape Counter shows recording time elapsed
- Battery Consumption Indicator shows available battery power
- Priority Index tone indicates urgent documents
- End-of-Letter Index tone to indicate start/finish of documents and number of recordings
- Sensitivity Switch for conference or close-range recording
- Voice Activated Recording for hands-free dictation

#### Package contents:

- Pocket Memo 588
- 30 minute Mini Cassette 005
- 2x AAA batteries
- Pouch
- Wrist strap
- Belt clip

Pocket Memo Analog 588

## Pocket Memo 488

MAKES LIGHT WORK OF  
YOUR HARD WORK

This mid-range machine is especially designed for people who generate a lot of dictation. Your administrator can find the start and finish of documents quickly and easily, making playback and transcription simpler and more efficient.

#### Key Benefits

- End-of-Letter Index tone to indicate the start of each document and number of recordings
- Sensitivity Switch for conference or close-range recording
- Voice Activated Recording for hands-free dictation
- Fast access to any part of the tape with Turbo Wind

#### Package contents:

- Pocket Memo 488
- 30 minute Mini Cassette 005
- 2x AA batteries
- Pouch
- Wrist strap
- Lapel Microphone

Pocket Memo Analog 488

## Pocket Memo 388

THE INTRODUCTORY MEMO THAT  
GIVES YOU THE POWER TO KEEP GOING

Powerful yet straightforward, the 388 is ideal for people on the move. Internal Recharge allows you to replenish batteries during use for convenience and cost efficiency. The 388 provides all the facilities you expect.

#### Key Benefits

- Internal Recharge option enables batteries to be replenished during use
